I always felt like I knew what was expected of me for each assignment and I thoroughly enjoyed the class

I enjoyed waking up every~~one~~ Monday and Wednesday to come to this class.

This was my only class that had a clear outline of the expectations and responsibilities; it made the class more efficient.

EVERYTHING WAS VERY CLEAR FROM THE START.

I wish that there could be more discussion with groups or activities on each chapter to better understand the material

I can see myself majoring in psych after taking this class

I wish there had been more discussion + reading of literature.

An extremely enlightening course, wonderful introduction to field, not dry as some intro courses can be

repetitive
not interesting discussions
lecture-ish

I look forward to coming to this class every day.... but I wish it was @ a later time!!

Could have been harder. Not that I got any less out of it, but we could easily have gone longer with some topics.

~~The course~~

one important problem about this course was the amount of material that we covered. Sometimes I really feel confused because of the number of concepts we are discussing which makes me feel hopeless especially at the end of the semester.

Amy was a wonderful professor! I always felt like I could get answers to my questions, and she put a lot of effort into making each part of class fair and clear.

~~Professor~~ Professor Winecoff is one of the best teachers I have had to date, I hope I can take more classes with her.

I was able to enjoy the class work inside the classroom and outside. Never felt too overwhelmed of for any of the work b/c prof teacher prepared class for all assignments.

Amy was excellent. I really enjoyed her teaching style and direct approach. I always knew what was expected of me and each topic ~~class~~ was discussed in detail. Really interesting.

~~NOTED FROM~~ AMY WAS A GREAT TEACHER. SHE WAS THOUGHTFUL AND ENGAGING. THE STRUCTURE OF THE CLASS WAS GOOD. SHE INCORPORATED MANY THINGS
→ GROUP WORK, LECTURES, PAPERS.

Maybe if the class wasn't taught in so much of a lecture style it might be more helpful

I Can not wait to take another class with Amy!

Amy has mad spunk. I look forward to taking her classes in the future.

Some of her in-class presentations could've been clearer, it was hard to go back and revisit slides following the classes. Amy is very knowledgeable ~~and~~ and good at explaining topics to people with no background in psych.

Amy did a very good job at explaining
difficult topics throughout the course

I selfishly wished that when talking about ED's, EDNOS, or at least mention of a continuum of symptoms had been discussed or mentioned, just because it's personal to me.

Great course. You keep it interesting, both in just how you say things but also with our topics. For the most part, class was well used, going over the reading material but then, critically, going in-depth with discussions.
